

## Random Number Generator Certificate

This is to certify that iTech Labs has evaluated the Random Number Generator (RNG) by NEOHUB Tech Private Limited and found that the RNG complies with the relevant standards. \*

**Operator:** NEOHUB Tech Private Limited

**Operator URL:** <https://vyom.club/auth>

**Software provider:** NEOHUB Tech Private Limited

**Software provider URL:** <https://vyom.club/auth>

The RNG uses a well-known algorithm to generate random numbers. The numbers generated by this RNG have passed Marsaglia's "diehard" tests for statistical randomness. iTech Labs has also evaluated scaling for Vyom Club.

The scaling tests were conducted on large enough samples to give the calculations sufficient statistical power.

iTech Labs has found that the number sequences are unpredictable, non-repeatable and uniformly distributed.

The certified code for the RNG has been fingerprinted.

\* The RNG was tested according to the UK Remote Gambling and Software Technical Standards February 2024 and

Disclaimer.

While it is not possible to test all possible scenarios in a laboratory environment, iTech Labs has conducted a level of testing appropriate for a component test of this type.
